

ASHOKA
UNIVERSITY

Project Assistant Position at Ashoka University

Position: A Project Assistant position funded by Trivedi School of Biosciences is open in Asst. Prof. Basudeb Maji's lab at the Department of Chemistry, Ashoka University (<https://www.bmajinative.com>). The lab works on organic synthesis, chemical biology and synthetic biology. The successful candidate will contribute in projects with experiments related to small molecule synthesis and characterization, biophysical and biochemical studies. The person will also assist in daily operations of the laboratory including maintaining inventories and ordering supplies related to the project. Training and mentorship specific to the project will be provided

Requirements:

- Post-graduate degree in Chemistry and master's project in Organic Chemistry.
- In-depth knowledge and laboratory expertise in organic synthesis, NMR, Mass, and other spectroscopic methods. Prior experience in peptide chemistry is an advantage, but not mandatory.
- Must have an enthusiasm for research, passion to learn and be able to maintain meticulous records of experimental procedures.

Duration: Initial appointment will be for 6 months, which is extendable upon satisfactory performance.

Salary and benefits are commensurable to educational qualifications, prior experience and in accordance with Department of Biotechnology, Government of India guidelines.

Interested individuals should email their curriculum vitae detailing relevant laboratory research experience and contact details of at least two referees (email and contact number) to Asst. Prof. Basudeb Maji at basudeb.maji@ashoka.edu.in.

(Only shortlisted candidates will be notified)
